

We have used the Nielsen Center the past three years for our annual Feedlot Seminar. This is a quality venue for us, beautiful facilities, great staff, quality catering. Their AV equipment is top line, and have the expertise to get sound and visuals appropriate to the room. Our event has grown each year and the Nielsen Staff have made sure that we were accommodated each time. They have earned more of our meeting business.

The American Cancer Society Relay For Life of the Cuming County Area has benefited greatly by using the facility for our 2013 and 2014 Relay events. The state of the art technology and the expertise of the manager allows the community to gather and make a significant difference in the fight against cancer. It is a perfect partnership!

High Plains Division | American Cancer Society, Inc.

“The first time I toured the Nielsen Center, I knew I wanted to do our convention there.”

The location, versatility, and state-of-the-art audio/visual equipment at the Nielsen Community Center makes it a perfect place for meetings, educational classes, conferences and expos of every type and size.

Nebraska Cattlemen

We have held workshops and meetings in about 200 different venues over the last few years. The Nielsen Center is among the best if not the best. We are now planning to make the Nielsen Center a regular host each year for one of our events.

We were thrilled to find a large, rural venue in northeast Nebraska. The Nielsen Center is one of the best facilities we have ever held an event at.

Brian Hefty  
Ag PhD

"The Nielsen Community Center is a gem in Northeast Nebraska! We have hosted big and small events there, and would return again. Their state-of-the-art technology, spacious meeting rooms and dedicated staff has been the key to bringing us and our audience back time and again."

Brian Depew, Executive Director  
Center for Rural Affairs

“We do estate planning workshops and use the Nielsen Community Center meeting rooms at least once a month. The facility is first rate. Parking is close by and handicap accessible. Chris and the staff go out of their way to be helpful and make our guests comfortable. Overall the Nielsen Community Center is as good or better than similar facilities in Omaha or Lincoln.”

John Feller

Olson/Pearson has had the privilege of using the Nielsen Center on several occasions for land auctions in the Cuming county area. The side meeting rooms are an excellent fit for holding these land auctions. The white boards on each end of the room provide plenty of room for selling multiple tracts of land. We have also held large personal property auctions in this facility, and with the security system that the center has in place along with the surveillance system, it just makes for a very safe, and secure location to hold an auction. Last, but not least, is the staff that are always there with a smile and a welcoming handshake. They will see to whatever you need and it will be sitting in place and ready to go when you need it.

We got the pleasure of working with the Nielsen Community Center for our BLU-JET National Sales Seminar and were very pleased with the outcome of the event! The staff went above and beyond to make sure that our guests were well taken care of and that everything went off without a hitch. The variety of spaces available is perfect to suite our needs and allows us to run multiple meetings at one time. There were many comments about how nice the facility was and what a "value added feature" it was for the community. We are looking forward to working with them again in the future!

Thanks,

*Jessica Bentley

### **Wedding Testimonials**

The wedding reception at the Nielsen Center for our daughter and new son-in-law ended up being perfect!

The Nielsen Center provides an atmosphere that is elegant, yet very comfortable for everyone. Our guests were served very efficiently using the modern kitchen and banquet tables. The bar and second portable bar we used also helped the reception flow well.

The newly-weds had a video to share with the guests. The large video screens and acoustics were amazing! Everyone in the Center could hear and see the video with ease.

Probably the best part of the Nielsen Center was the help provided by Chris, the manager of the venue. He answered many questions from us, the parents, and lessened our stress by knowing the specifics of dealing with our caterer, DJ and bartenders. He was a great help!!!

Our family and friends from out of town were amazed by the Nielsen Center.....They said that they had never seen a venue like this before!!!! We have two more daughters that will probably be getting married in the future.....and we will be back at the Nielsen Center!!!

Dan and Jane Stratmann

Two of our daughters' were able to have the wedding reception of their dreams at to the Nielsen Center in West Point. The facility is beautiful and everyone there is so helpful and knowledgeable. The amenities and sound system are first class. Our guests thoroughly enjoyed themselves and we feel blessed to have been able to book the Nielsen Center for our most special occasions.

**Kelly & Marcie lechtenberg**

Hello, I am Steven Brune, here to speak on behalf of the Nielsen Community Center. Our family recently had a wedding here and the facility was awesome. From the beautiful building, to the great ball room with all the amenities, like good lighting options, stage facilities, bar facilities, kitchen facilities, large overhead projectors with screens, the latest state of the art electronics and sound system, very adequate heating and cooling, and a building administrator that assisted with countless details. Our family event went off without a glitch, and countless family and friends overwhelmed us with positive comments as to the great facility we chose to hold our family wedding. I could not have asked for the event to have gone any better than it did, and the Nielsen Community Center was the place to make it happen.
